**School is a place where children are encouraged to say**

***' I see it, I get it , I can do it. '***

The new academic session 2015 -16 started in the month of April. Students came back from a short break with a renewed vigour, new books and a lot of curiosity to know what is in store for the coming year.

We at SKKES want school to be the best part of child's day and place where

children feel happy and engaged; parents feel welcome and involved. I look forward to collaborating with this great community of students and parents as we work together to make sure every student has a wonderful year ahead.

The results of std.10 were declared on 27<sup>th</sup> May 2015. As usual we had excellent results this year with the pass percentage of 100% and our students came out with flying colours.

This was due to dedicated efforts of teachers and their endless hardwork along with the hardwork put in by the students. We truly appreciate the constant encouragement provided by the management and of course the support by parents.
